ABOUT

- Fascinated about learn new skills

- Currently living in Leeds, UK.

- Italian citizenship, but lived most of my life in Brazil (where I was born and also have citizenship). Moved to the UK in 2019.

- With this new start, I went back to do what I really love, which is development.

- Currently studying Flutter & Dart to improve my knowledge.

I am willing and have the intention, to learn about new technologies and code languages.

I have extensive experience in IT management, which can be a plus on any learning process or to make it easier to understand what the client needs.
